About the House that Love Built

The Long Beach Ronald House opened in 2011. Since then we have served more than 1500 families, (more than 5300 people) providing a valuable community service to families facing the most difficult of life's challenges; the illness of a child. The Long Beach House was built on the simple idea that nothing else should matter when a family is focused on healing their child. The House gives families a place to stay, a source of comfort, care and support, and a chance to focus all of their energies on the one thing that matters most of all...getting well.
