ABOUT STUDENT LEADERSHIP BOARD

The Student Leadership Board is a group of committed young people who create meaningful avenues of support for families at the Los Angeles Ronald McDonald House. SLB members learn and experience first-hand the different shapes philanthropy can take by participating in structured activities that help them give of their time, talent and treasure. Operating as a team and focused on a goal larger than themselves, members engage in meaningful service and fundraising activities, while learning about the needs of a non-profit agency and thus preparing them for future philanthropy and/or professional or board service for charitable organizations.
