PASADENA

Support Our Families Support Your Community!

The Pasadena Ronald McDonald House is a low-cost and supportive "home away from home" for families of critically ill children coming into our community for medical treatment. We recycle the aluminum and use the proceeds to support the Pasadena Ronald McDonald House. We are responsible for raising 80-85% of our funding through community support.

You can also drop off your pull tabs at our House from 9am - 9pm. Just look for the pull tab house alongside the driveway. Thank you for your support.
