

LOS ANGELES RONALD MCDONALD HOUSE

# 2020 IMPACT

Providing comfort, care, and support to families since 1980

## PROGRESS DURING A PANDEMIC:

- ♥ We remained open, safely providing a home away from home to families through the duration of California's stay-at-home orders
- ♥ Served an average of 68 families each month, even while operating at 50% occupancy
- ♥ Saw the average length of stay increase to 69 days (an increase of 17 days from 2019)
- ♥ Provided 618 nutritious Meals of Love
- ♥ 30% of our families had patients receiving critical treatment in the NICU & PICU
- ♥ Celebrated 40 years of service, culminating in the launch of our Home Away From Home Fund and first Virtual Gala

2020 was a different year than what we all expected but even amid the uncertainty generosity, kindness, & compassion prevailed - thanks to our community of supporters, LARMH maintained the highest levels of comfort & care, providing hope and healing to families in need

Operations Assistant

“Ronald McDonald House allowed us to be together, cope together, and gave us more flexibility. It helps families be together to take the time and learn how they're going to handle the situation they are in.”

- Nelson Family
