Share a little love!

This Positive Note was brought to you by someone special who wanted to encourage you and brighten your day!

Since opening in 1989, the Ronald McDonald House Orange County has provided comfort, care and support to children and families in Southern California. Our hope is to create a community where children and their families embrace life and healing with a sense of hope, enthusiasm, courage and joy by keeping families close to each other and the care they need.

We provide impact through two core programs:

The Ronald McDonald House® provides lodging, meals, transportation and other supportive services.

The Ronald McDonald Family Rooms® provides respite, food, quiet rooms, sleep rooms and other supportive services.

To learn more, visit us at www.rmhcsc.org/orangecounty
